PROPERTY

Prestigious agricultural estate surrounded by the Gallura countryside, few kilometres away from the enchanting beach of Porto Pollo. The property is spread over 56 hectares, the majority of which are flat and entirely delimited by typical stone walls. The estate is enhanced by the presence of centuries-old olive trees, granite rocks and water sources. Inside there is a ?stazzo? (typical rural cottage) to be renovated of about 150 square meters and two buildings once used as a warehouse/stable. Due to its characteristics, it is perfect for various uses, including tourist accommodation. Easily reachable from the SS 133 for Palau, it borders for the most part with the Liscia river.
